

RISK ASSESSMENT

Assessment title:	Park farm		
Date of risk assessment:	21/10/25	Risk assessment carried out by:	Lewis Morgan/ Steve Barnard

Likelihood: how likely is it that the harm presented by the hazard will actually occur?	Severity: what impact or damage could the harm presented by the hazard have on a person or persons?
High (3): Harm is certain, or near certain, to occur	High (3): Death or major injury
Medium (2): Harm will often occur	Medium (2): 7-day injury or illness
Low (1): Harm will seldom occur	Low (1): All other injuries or illnesses

Risk rating: Once the likelihood and severity have been determined, the risk can be calculated as shown below:				
		Likelihood		
		3	2	1
Severity	3	High	High	Medium
	2	High	High	Medium
	1	Low	Low	Low

The Management of Health & Safety at Work Regulations 1999 places a legal duty on employers to carry out risk assessments, and to make a written record if there are more than 5 employees.

RISK ASSESSMENT

Haz No	Significant Hazards Look only for hazards which you could reasonably expect to result in significant harm	Possible Harm	Risk rating L x S = R			Control measures e.g. physical safeguards, training, PPE etc	Residual risk rating L x S = R		
			L	S	R		L	S	R
1	Biosecurity	Spread of disease between farms	2	3	H	<ul style="list-style-type: none"> - Boots disinfected before leaving farm. - Handwashing on return to Home Farm. 	1	2	M
2	Trips, slips, falls	Cuts, bruises, breaks.	1	2	M	<ul style="list-style-type: none"> - All participants instructed to avoid hazards before entering farm. - Park Farm staff to ensure areas children will be accessing are free from hazards. - Safety measures in place in milking parlour – barriers and safety railings. 	1	1	L
3	Large livestock	Crushing/ stampeding injuries	1	3	H	<ul style="list-style-type: none"> - All participants instructed on how to act around livestock before entering farm. - All participants supervised by CET staff at all times. - Access restricted to parts of the farm where livestock do not roam freely. - Safety barriers and gates in place in milking parlour. 	1	1	L
4	Vehicles/ farm traffic	Impacts	1	3	H	<ul style="list-style-type: none"> - Participants instructed to look out for vehicles before they enter farm. - Children instructed to stay behind CET staff leading trip. 	1	1	L
5	Zoonoses	Disease and allergy	1	2	M	<ul style="list-style-type: none"> - Participants to wash hands after touching animals. 	1	1	L
